

OFFICIAL 'BIRTH' ANNOUNCEMENT (Oct. 12, 2006)

After a long 10 month plus 'gestation' period we are proud to announce the 'birth' of the long awaited **Quantum Success e-series**.

And ... IT'S TRIPLETS...

What began as a *simple* project for a CAPS Halifax, Quantum Leap program on *taking your authorship to the next level* evolved into our 3-Volume Success Series. 85 top North American authors, leaders, and business experts joined in creating this successful project. What an amazing group of people! I am inspired and humbled by their example and generosity.

Our goal is to raise awareness and potentially funding for [Laura's Hope](#) to assist in finding a cure for Huntington's disease. You can help!

Volume one: Business Success
(264 pages of solid value to build your business)

Volume two: Leadership Success
(210 pages of tips, techniques and thoughts)

Volume three: Personal and Career Success
(212 pages of inspiration and information to help you grow and succeed.)

Visit www.QuantumSuccess.biz today to download your 'complimentary' set of this 3 Volume Success Series. Invite your friends and contacts to visit too. Please help us spread the word about this exciting project to your friends, family, customers, suppliers, colleagues and community contacts.
